

TREAT YOUR FEET TO SOMETHING REALLY SPECIAL

Baby Foot®

Baby Foot® is designed to remove the unsightly, dead skin cells on your feet that build up over time and can contribute to numerous problems associated with the soles of your feet. Baby Foot is an unparalleled, total foot care package that you can use at home. This scientifically formulated product contains 16 types of natural extracts which exfoliate and moisturize at the same time. The fruit acid penetrates into the layers of dead skin cells and breaks down the desmosomes which hold the layers together. By this process, skin is undamaged but peels easily away from the fresh layer beneath. After peeling, your feet are reborn just like a baby's foot, giving you healthy, beautiful feet.

Baby Foot® Peel is available at all 6 of our office locations **for only \$25!**

And Now for a limited time, when you buy Baby Foot Peel
you'll get Baby Foot Mask **for only \$7.50!**

That's 50% off the regular price!

Baby Foot® Mask

The Baby Foot Moisturizing Foot Mask is a non-peel treatment formulated for immediate hydration. In just 10 to 15 minutes, the rich moisturizing components including Collagen, Hyaluronic Acid, and 14 natural extracts, are absorbed into the skin for extra smooth soft feet. This is to be used at the end of a Baby Foot Peel AFTER the peeling is finished, or any time in between treatments to maintain baby soft feet.
